Dear Mr. Greeno:

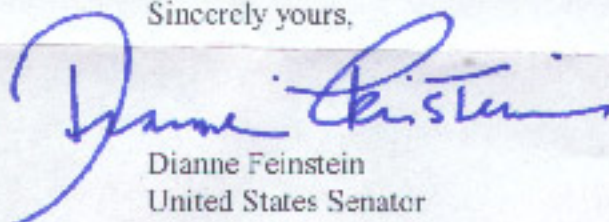

Thank you for contacting me about illegal dumping in California's deserts. I apologize for the delay in my response.

I have read your letter and understand your concerns. I agree, more needs to be done about illegal dumping in the desert areas of California. The California Desert Protection Act, which created Joshua Tree National Park, the Mojave National Preserve, and Death Valley National Park was one of my proudest achievements as a U.S. Senator. Please know that I am deeply committed to protecting California's natural resources. Should the Senate consider any legislation on this matter, I will keep your thoughts in mind. I also encourage you to contact your State and local legislators and make them aware of your concerns as they also have jurisdiction over this matter.

Again, thank you for taking the time to contact me. I value your opinion and I hope you will continue to keep in touch on issues important to you. If you have any questions or need assistance, please feel free to contact my Washington, D.C. staff at (202) 224-3841.

With warmest personal regards,

Sincerely yours,

Dianne Feinstein  
United States Senator
